Dear Ms. Fujioka:

I've been referred to you regarding some mechanical questions I have executing the MINTUP model runs submitted to FTA for the "Preservation of Forecasts" of the Honolulu.

When would be a good date/time for us to talk briefly on the phone? I am located near Washington DC (for schedule planning).

Regards,

Mr. White:

I'll be happy to talk with you if it would be of help, but for detailed questions about executing the model run I suggest that you contact Heather Fujioka [fujioka@pbworld.com](mailto:fujioka@pbworld.com) 808-566-2221 who has the "hands-on" experience with the model.

**Subject:** FTA Preservation of Forecasts

Dear Mr. Hamayasu:

I am writing because I've been tasked with running (and eventually archiving) some MINUTP model runs provided by your agency for FTA's Preservation of Forecasts requirement. I have a few mechanical questions regarding executing the model runs and I was wondering who the best person to contact would be regarding some detailed questions I have on the appropriate way to execute the MINUTP model data sets provided to FTA?
